

In-School Workshops and Residencies - 2024/2025

The Carnegie provides workshops and residencies directly to the classroom. Each program is designed to allow the students an opportunity to connect, create, perform/produce, and respond. They focus on combining the elements of dance, theatre, or visual arts with other non-arts related content areas to strengthen creativity, problem solving, perseverance, communication, and pride.

EXAMPLES OF IN-SCHOOL PROGRAMMING

We can tailor any program to meet your needs or CREATE SOMETHING NEW WITH YOU.

THEATRE PROGRAMS				
Title	Description	Content Focus	Grade Range	# of Days
Tradition Tableau	Create tableaus communicating favorite family traditions. Students will demonstrate their understanding of the many emotions of tradition through non-verbal expression.	Theatre & Social Studies	K - 2nd	2 days
Painting Soundscape (NEW)	Set the scene with the sounds of the environment. Students will practice interpreting the setting in a painting and creating the opening to a scene.	Theatre & Visual Arts	K - 2nd	2 days
Occupation Drama	Explore character transformation by stepping into the shoes of a working citizen. Students will create mini scenes demonstrating how occupations impact people in our community.	Theatre & Social Studies	1st - 3rd	2 days
Oddball Superheroes	Explore character transformation with the quirkier side of superheroes. Students will practice action/reaction scenes and discover how actors use adverbs to develop unique characters.	Theatre & ELA	3rd - 5th	2 days
Another's Perspective	Step into the shoes of a supporting character in a story. Students will express another's perspective by developing the voice of a supporting character.	Theatre & ELA	3rd - 5th	2 days
Consequences Pantomime	Students will explore action/reaction as they create a short, pantomimed scene demonstrating natural and enforced consequences.	Theatre & Social Studies	3rd - 5th	2 days
Inner Voice	Share the inner thoughts of an unexpected character. Students will explore personification and character voice to express the thoughts of an object or concept.	Theatre & Science	4th - 8th	2 days
Comic Book Tableau (NEW)	Students will practice using a series of tableaus to communicate a sequence. This program can tie to any subject that demonstrates story sequence or cause and effect.	Theatre & many other subjects	4th - 8th	2 days
Fables with a Twist	Retell fables with your own twist. Students will collectively create and perform their version of a well-known fable in their own voice.	Theatre & ELA	2nd - 5th	10 days
Adventures of an Underdog	Share the heroic journey of an underdog. Students will collectively create and perform a story about a character struggling to overcome great odds.	Theatre & ELA	4th- 8th	10 days
A Villain's Tale	Tell the story through the eyes of the villain. Students explore misunderstandings and decisions gone wrong as they create and perform the villain's side of the story.	Theatre & ELA	4th - 8th	10 days
Hidden Stories	Analyze a painting and bring its story to life. Students examine and interpret paintings to develop into new stories to be performed live.	Theatre, Visual Arts & ELA	4th - 8th	10 days
Personify It! (NEW)	Anything can be a character with personification. Students will test their creativity as they uncover the secret endeavors of non-human characters live.	Theatre & ELA	4th - 8th	10 days

DANCE PROGRAMS				
Object Dance	Explore force and motion through dance. Students will use dance elements to express pushes and pulls on objects.	Dance & Science	K - 1st	2 days
Many Colored Days	Bring Dr. Seuss's <u>My Many Colored Days</u> to life through dance. Students will use dance elements to express the colors, emotions, and characters in the book.	Dance & ELA	K - 2nd	2 days
Dance the Setting	Communicate the setting of a story through dance. Students will use dance elements to express different environments.	Dance & ELA	K - 2nd	2 days
Opposites (NEW)	Create a dance demonstrating opposites. Students will use dance elements to express the differences in two contradicting words.	Dance & ELA	1st - 2nd	2 days
The Water Dance	Dance the water cycle. Students will use dance elements to interpret the water cycle.	Dance & Science	3rd - 5th	2 days
Environments	Explore environments from around the world through dance. Students will use dance elements to express differing environments across the globe...and throughout the universe.	Dance & Social Studies	3rd - 5th	2 days
Dance Mad Lib	Create a dance inspired by a mad lib about your community. Students will work together to choreograph each blank until they have danced the whole story.	Dance & ELA	4th - 8th	2 days
One Voice	Communicate through dance how individual acts of bravery can impact a community. Students will use dance elements to express how one voice can be the spark that inspires many.	Dance & Social Studies	4th - 8th	2 days
VISUAL ARTS PROGRAMS				
Blob Monster Society	Create a citizen of the Blob Monster Society. Using paint and marking tools, students will embellish their paint blobs to visually express a monster and it's occupation.	Visual Arts & Social Studies	K - 2nd	2 days
Character Headpieces	Become a costume designer and build your own headpiece. Students will design and create a headpiece that expresses a character.	Visual Arts & ELA	K - 2nd	2 days
Superhero Masks	Students will design a superhero that will solve a community problem. They will create a mask that represents their brand new super hero.	Visual Arts & ELA	2nd - 3rd	2 days
Bang! Splat! (NEW)	Explore and create onomatopoeia word art. Students will use visual arts elements to express the mood and meaning of the word.	Visual Arts & ELA	2nd - 3rd	2 days
Rare Bugs	Design a new predator or prey for the insect world. Students will create a 3-D model of new bug and demonstrate how it survives in a healthy food chain.	Visual Arts & Science	3rd - 5th	2 days
Gratitude Card Swap (NEW)	Express your gratitude. Using poetic language and simple printmaking techniques, students will create one-of-a-kind thank you cards.	Visual Arts, Poetry & SEL	4th - 8th	2 days
Treasure Map (NEW)	Turn your ordinary surroundings into an exciting treasure hunt. Using visual elements, students will put their map making skills to the test to help guide classmates to the treasure.	Visual Arts, Social Studies & Math	4th - 8th	2 days
Shadow Puppets	Explore a unique way to tell stories with light, shadow and 2-d puppets. Construct shadow puppets to express your original stories or poems.	Visual Arts & many other subjects	4th - 8th	2 days
Inventions	Become an inventor. Students will create and present a model of an invention designed to solve a community problem.	Visual Arts & Social Studies	4th - 8th	4 days

Cost of programming ranges between \$70/hr to \$125/hr.

Programming is scheduled per classroom.
